**FOR IMMEDIATE RELEASE**

### **Matthew Christie Appointed Architectural Manager**

Montreal, April 10<sup>th</sup> 2019 – Walker Glass Company Ltd. is pleased to announce the appointment of Matthew Christie to the position of Architectural Services Manager for Ontario, Canada, effective April 29<sup>th</sup> 2019.

Matthew comes to Walker from Western Windows Systems (WWS) where he was responsible for educating and building relationships with Architects in the Greater Toronto Area. Prior to WWS, he worked for Goldray Glass in a sales and architectural management capacity in Western Canada and Ontario, working closely with both contract glaziers and architectural communities. Matt actually started his career with Walker, working in the company's Marketing and Customer Service divisions.

"We're truly excited about Matthew's return to Walker. His past five years of work experience in the fabricating world with Goldray, and most recently in the window manufacturing segment with Western Windows and Doors have enabled Matt to gain a deep understanding of architectural needs across both segments", states Walker's Director of Business Development, Charles Alexander. "His drive, personality and solid knowledge of both the Ontario market and Walker's products will enable him to get up to speed in no time. Welcome back Matt!"

Walker Glass is North America's market leader in the development and manufacture of acid etched glass substrates and premium quality mirrors. In addition to its three **AviProtek**® lines of bird-friendly gazing solutions, the company's **Walker Textures**® brand of interior and exterior glazing substrates includes the **Traction**® collection of anti-slip glass flooring surfaces, the **Nuance**® and **Transition**® families of decorative stock and custom etched patterns as well as a comprehensive line of full-surface etched finishes and opacities. Growing and evolving since 1942, Walker Glass proudly serves US and Canadian architectural glass fabricators from coast to coast, supported by the largest inventory of etched glass, acid-etched mirror and mirror on the continent.
