NEW PATTERN ACID-ETCHED GLASS FOR SHOWER ENCLOSURES

Montreal, October 14, 2008 – Walker Glass Co. Ltd. introduces a new design in its line of patterned acid-etched glass, ***Walker Textures™ Nuance***. The new pattern #104, replicates the effect of water drops on glass and is a great choice for shower door and enclosure applications. It is available on different substrates (clear, ultraclear, selected tints), in thicknesses of 10mm or 12mm and stock sheet sizes as large as 96"x130".

The ***Walker Textures™*** program includes a wide range of full surface acid-etched glass and mirror products as well as custom and exclusive solutions, offering new and flexible decorative glass choices to architects, designers and glass professionals. Visit our website at <http://www.walkerglass.com>.
