FOR IMMEDIATE RELEASE

WALKER GLASS WELCOMES ED BARTLETT TO ITS ARCHITECTURAL TEAM

Montreal, February 10, 2016 – Walker Glass is proud to welcome Ed Bartlett to the Walker Textures® architectural team in its Western US territory.

Ed brings to Walker over twenty five years of experience in the architectural and contract glazing industry. For over twenty years, he was the National Sales Manager at Custom Window Company where he was responsible for the supervision, training and support of the entire architectural team. He will be responsible for promoting Walker Textures products to architects, designers, specification writers and contract glaziers in the states of Colorado, Utah, Nevada, Oregon, Washington, Arizona and California. He earned a bachelor's degree in Business Management from the University of Colorado.

“Ed joining our team means continuing the promotion of our Walker Textures program in the architectural community and increases our presence in projects in the Western US market. His vast knowledge of architects and contract glaziers will play a key role.” says Marc Deschamps, Business Development Manager.

Walker Glass Co. Ltd. is a dynamic market-driven enterprise with over 70 years of experience in the glass and mirror industry in North America. Innovation and creativity are at the heart of its development. In 2002, the company launched a full surface acid-etched glass and mirror product line under the **Walker Textures®** brand name. Since then, the company has added a line of custom and stock patterns, **Walker Textures® Nuance** and a line of anti-slip acid-etched glass products, **Walker Textures® Traction**. Furthermore, Walker offers three bird friendly glass solutions: **AviProtek®**, **AviProtek® E***, **AviProtek® T**. And finally, **Walker Textures® Transition** is the custom solution for gradient effects on acid-etched glass.

*AviProtek® E is available with Solarban®60 VT, Solarban®67 VT and Solarban®70XL VT glasses by PPG
